Nikhil Kumar

Gurgaon, Haryana, India

+91-9650276104 nikhil965rajput@gmail.com LinkedIn GitHub

Summary

B.Tech Computer Science student with internship experience in data analytics and hands-on projects in machine learning and AI agent development.Skilled in Python, SQL, Power BI, Pandas, data preprocessing, dashboard development, and model evaluation. Built a conversational AI agent using Flask, Groq API, and Llama 3.3 70B with tool-calling capabilities. Interested in Data Analytics, Data Science, and AI-powered business solutions.

Technical Skills

Programming: Python, SQL
Data Analysis: Pandas, NumPy, Excel, Google Sheets
Visualization: Power BI, Matplotlib, Seaborn
Machine Learning: Scikit-learn, Classification, Feature Engineering, Model Evaluation
AI Development: LLMs, Generative AI, Prompt Engineering, Groq API, Tool Calling
Technical Tools: Flask, Firebase, Git, GitHub, VS Code, Jupyter Notebook

Experience

The Future Animations **Jun – Aug 2026**
Data Analyst Intern *Gurgaon, India*

- Offered a Data Analyst role involving data collection, cleaning, analysis, and reporting.
- Role responsibilities include SQL queries, dashboard reporting, data quality.
- Intended to support business decisions through data analysis and actionable recommendations.

Maruti Suzuki India Limited **Jul – Aug 2025**
Data Analyst Intern *Gurgaon, India*

- Developed interactive Power BI dashboards to visualize and monitor key business metrics.
- Wrote SQL queries to extract, clean, and analyze enterprise data.
- Transformed raw data into actionable insights to support data-driven decision-making.
- Collaborated with team members to understand business requirements and develop analytical solutions.

Projects

AI Agent – Conversational AI Application *2026*
Python, Flask, Groq API, Llama 3.3 70B

- Built a conversational AI agent using Flask, Python, and Llama 3.3 70B through the Groq API.
- Implemented tool calling to identify tasks requiring external tools and incorporate their results into natural-language responses.
- Organized the application into modular components for prompts, conversation memory, tool execution, response parsing, and application routes.
- Developed a web-based chat interface for interactive conversations.

Hotel Booking Cancellation Prediction *2026*
Python, Pandas, NumPy, Scikit-learn

- Built a binary classification model to predict hotel booking cancellations using booking data.
- Performed data cleaning, missing-value handling, categorical encoding, and feature engineering.
- Compared Logistic Regression, Decision Tree, and Random Forest using classification metrics.
- Tuned the Random Forest model using GridSearchCV and evaluated feature importance and model performance.

Education

K.R. Mangalam University *2023 – 2027*
B.Tech in Computer Science and Engineering Gurgaon, India

National Institute of Open Schooling (NIOS) *2023*
Class XII

Certifications

- Oracle Cloud Infrastructure 2025 Certified Data Science Professional – Oracle University, Aug 2025
- Google UX Design Professional Certificate – Google, Oct 2024
